

Incentive Legislation Campaign Coalition 2009 Fall Meeting

and

Congressional Symposium October 20, 2009, Washington, DC

Join Coalition members, Incentive Industry colleagues and key Congressional staff for an informative conference and valuable networking opportunities. With a struggling economy and workforce, it is important now more than ever to remind Congress of the successes of the Incentive Industry in driving American business. Plan now to participate in ILCC's Congressional Symposium designed to educate Hill staff on the Incentive Industry and its benefits to American business. In addition to educating Hill staff on the benefits of the industry, the Symposium will focus on the important role that qualified wellness awards and incentives can play in improving the health and wellness of the American workforce. Afterwards, help bring the message home by joining ILCC members and your industry colleagues in Hill visits with members and Congressional staff who were not able to attend the Symposium.
